CITY TRUSTEES MET WEDNESDAY

Engineer Forwards Contract As Preliminary To Street Improvements. Other Business Transacted.

The city trustees met Wednesday, the October meeting falling on the very first of the month.

The minutes were read and approved and bills ordered paid. The League of Municipalities invited representatives from Sonoma to the convention at Riverside. The application of S. Cucci for a liquor license was granted. Benn Duffield, city engineer of Hanford who was here last Friday at the invitation of the Board, and looked over prospective street improvement sent a contract to be signed agreeing on 5 per cent as his payment for superintending the work and making surveys. If the election for the street bonds fail of passage \$1200 is to be Duffield's charge for preliminary work.

W. Chester asked that his water company be allowed to serve the city with fire protection and on due motion the clerk was instructed to advise the Railroad Commission that Sonoma wished to be served from the Sonoma Valley Water, Light and Power Company hydrants.

The Sonoma City Water Works Company was instructed to repair a leak on Broadway within 10 days or the city will apply to the Railroad Commission for relief.

Trustee Campbell asked that an appropriation be made for gravel to do urgent repair work on the main streets.

Bills allowed were as follows:

| | |
|-------------------------------|---------|
| Cal. Telephone & Light Co., | \$48.05 |
| J. G. Marey, | 5.75 |
| H. F. Bates, expenses, | 242.50 |
| F. Duhring, supplies, | 2.70 |
| Sonoma City Water Co., | 25.00 |
| H. W. Gottenberg, | 93.55 |
| F. Canevari, janitor, | 7.50 |
| R. Quartaroli, salary, | 57.00 |
| J. H. Albertson, salary etc., | 18.00 |
| Sonoma Expositor, printing, | 7.45 |

Mr. and Mrs. E. G. Lynch returned to Mendocino county Tuesday after a visit of several days in San Francisco and in Sonoma. They will spend the winter on their stock ranch above Dos Rios.

MISS McDANIELS WEDS IN NAPA

Popular Girl Plights Troth to Frank W. Carlson.

Miss Rena McDaniels, popular Sonoma valley girl and niece of Mrs. Wm. Helberg, was married in Napa this week to Frank W. Carlson of Vineburg. Miss McDaniels has resided here many years and has many friends who will be pleased to hear of the wedding and wish her much happiness. The lucky groom is the son of a well known Vineburg family and is to be congratulated on winning so fair a bride.

SERCK TO SELL KEARNS RANCH

P. O. Serck, wealthy Englishman who purchased the great Senator Kearns ranch in Los Gatos valley a few years ago, is to return to England to look after his interests there, and will either sell the ranch as a whole or will subdivide it and place it on the market in small parcels.

In anticipation of the sale of the property, and the removal of Mr. Serck, an auction sale was in progress there Monday, at which nearly all of the stock on the famous ranch was sold under the hammer by Auctioneer A. J. McAlpine at good figures. Only the stock and equipment necessary to the maintenance of the big ranch was reserved in the sale.

The auction was well attended, and Cal. Telephone & Light Co., \$48.05 horses, hogs, wagons, farming implements, gasoline and oil, etc., were sold. Mr. Serck, upon coming here and buying the Kearns ranch, had intended to retire from active business life, but on his recent trip to England, from which he has just returned, he found it impossible to abandon business cares. He plans to return to England at the earliest possible date.—Democrat.

Many Sonoma people attended the sale and bid on everything offered from a pet monkey to a mowing machine.

Harvest Carnival Is Now Open Sonoma Products On Display

Joyland is Mecca of Big Crowds. Attractive Program For Today and Tonight To Bring Out Record Attendance

Program For Today

10:00 A. M.—Gates Open, Band Concert.

10:30-12:00—Athletics and Judging of Exhibits. Joyland Features. 2:00 P. M.—Award of Prizes. Games and Contests. Band Concert.

3:00 P. M.—Matinee at Clubhouse, Vaudeville and Pictures. Joyland attractions all afternoon.

7:30 P. M.—Band Concert, Illuminations.

8:00 P. M.—Confetti Battle. 8:30 P. M.—Grand Carnival Ball at Clubhouse. Wilson's Orchestra. Joyland attractions until midnight.

With flags flying and music playing, the Harvest Carnival opened yesterday on First St. East and in the big tent adjoining the Clubhouse many products of Sonoma Valley are attractively displayed. The Sonoma Grammar School is competing for the handsome silver cup, offered by the Native Sons, to the district making the best agricultural exhibit. The pupils of the school have a proud place with their fine collection of products and may wrest the prize from San Luis, which won it last year. Other exhibits under the canvas are fruit, flowers and grain, vegetables and dairy produce, all from the valley of the moon's fertile acreage. There is also a goodly display of poultry and rabbits. Among the exhibits of the latter being coops from the

ranch of Chas. Van Damme of the Richmond-San Rafael Ferry who now has a country home in the Sonoma Valley.

In the Clubhouse, next to the tent, is displayed one of the most beautiful exhibits of needle work and embroidery ever collected for exhibition purposes. This display should not be missed by anyone. It is in charge of a committee headed by Mrs. G. H. Hotz.

On the Appleton lawn and veranda ice cream is served and proved to be a very popular concession presided over as it is by many attractive matrons and young ladies.

Among the biggest hits in Joyland are the games originated and constructed by H. J. Wicker and conducted by Mrs. Wicker and her live-wire assistants. If you have not tried your luck in Joyland, you are missing half the fun.

The childrens playground in charge of Mrs. Will Clewe is a fairyland for the children and to-day the popular pastimes of donkey riding, pony driving, merry-go-round and other amusements will be largely patronized for this is Childrens Day at the Carnival.

The gorgeous Christmas tree arranged by Mrs. E. E. Bennett is another delight to the little ones and here they get grabs for 10c each.

The High School girls have a booth where they are selling fancy articles from their own needles, and also re-

freshments. The boys of the school have a freak show worth many times the price of admission. The Country Store presided over by the Glen Ellen Ladies Improvement Club, Mrs. E. E. parson and Mrs. Parramore is a veritable emporium of bargains and some handsome offerings will be made by those who attend the affair to-day and to-night. The House of Mystery with Madam Zoro and Madam Wada reading past, present and future from cards and tea leaves has convinced the most skeptic. The wonderful powers of other seers at this booth is amazing the public. Delicious ice punch is being sold on the grounds.

By Mrs. Paul Robin and aides and the more substantial beverage, coffee, with hot dogs and an assortment of home cooked foods is on sale near the club house by Mesdames Studley, Hatton and Baneroff. Hot doughnuts and cookies are being sold by Mrs. Fred Schell. Mrs. James Tait and Mrs. Joe Kiser. Mrs. Chas. Custer has the home made candies.

To-night is the grand carnival ball and this afternoon there is a motinnee in the club house with vaudeville and pictures.

Many heroes of the recent war are expected to-night to participate in the grand blaze of glory with which it is expected the Harvest Carnival will end. St. Vincent's brass band has been giving splendid concerts afternoons and evenings.

AUTO THIEVES ARMY DESERTERS

Youths Captured By Ryan Wanted By Army Authorities.

The quartet of men arrested last week and charged with taking an automobile from Petaluma and wrecking it near Schellville, were arraigned before Judge Seawell Monday afternoon and pleaded guilty to the charge. A motion was made for probation and the judge postponed the sentence until next Monday.

The men are J. Kilowski, T. Carter, L. Muselman and J. Herrera. Previous to the arraignment Assistant District Attorney Campbell filed information against the quartet, charging the men with grand larceny.

In addition to this charge Muselman has been identified, according to information furnished by the sheriff's office, as a deserter from the 55th Heavy Artillery at the Presidio.

Herrera, who also wore the garb of a soldier when arrested, is being held on suspicion of a similar offense.—Republican.

ST. FRANCIS CHURCH

Beginning Sunday, Sept. 28, Mass will be celebrated every Sunday at 10:30 a. m. First Sunday of the month at 9:00 a. m.

J. F. BYRNE, Pastor

Allen C. Joy, who has been in the local freight office of the N. W. P., has received his appointment as a traveling inspector in the Department of the Interior service. He expects to visit national parks and reservations in the interest of the United States government. The position is a good one and carries with it a fine salary.

MRS. W. D. FOLEY PASSES AWAY

Dies After Lingular Illness at Home Near Town Wednesday Night.

Mrs. W. D. Foley, wife of W. D. Foley, retired navy man and former chief engineer of the Leviathan, passed away at her home near town Wednesday evening. Deceased was born and raised in Sonoma and was the daughter of the late Mr. and Mrs. P. G. Norrhom. She was 51 years of age and up to a few months ago was the picture of health. Chronic lung trouble developed however and she sank gradually into the shadows of eternity.

Her husband who came home recently at the conclusion of the war was most devoted during the last months of her illness and was with her to the end. Besides her husband she leaves many brothers and sisters to mourn her passing. In her girlhood she was a pretty and vivacious young woman and retained much in later life which won her many friends throughout this and other communities where she had resided. News of her death will be received with sadness wherever she was known and already Mr. Foley has been in receipt of many messages and telegrams of condolence.

The funeral took place yesterday from the Foley home on West Napa and the interment was in Mountain cemetery on whose peaceful hillside deceased was tenderly laid to rest amid a wealth of beautiful flowers.

Frank LaVine, who is employed at the State Hospital at Stockton, is here on a vacation and will also spend a few days on a fishing trip to Lake county.

SUIT OVER BIG WINE SHIPMENT GOES OVER

The action of the New Piedmont Wine Company, of which Secondo Alpiati is one of the leading spirits, against Louis Kunde, was scheduled to be tried before Judge Thomas C. Denny Tuesday, but the Judge was forced to go to Martinez and occupy the bench in the court of Judge Mackenzie. Attorneys Hiram E. Casey, who represents the defendant, and Albert Picard, for the plaintiffs, agreed that the new date should be chosen for the first part of November. The case was continued to appear on the calendar next Monday to be then set by Judge Denny.

The suit involves a claim for damages, amounting to \$6900 on the shipment of 46,000 gallons of wine by Kunde to the New Piedmont Wine Company.—Republican.

CHAPEL A GIFT FROM FORMER SONOMA RESIDENT

On Tuesday morning, Sept. 9, the chapel at Seigler Springs, Lake Co., was dedicated by Most Rev. Archbishop Hanna.

The ceremony was a very simple, but extremely impressive. Holy Mass was celebrated by Rev. Father Capistrano, O. F. M., and served by Rev. Father Leonard, O. F. M.

The chaplains to His Grace were Rev. Arthur O'Connell and Rev. Edgar Boyle, who is spending his vacation at the Springs.

The Archbishop preached a sermon dealing with rest for body while resting in the quietude of the valleys and mountains. We must not forget our spiritual life. Here we will have ample means to refresh our souls, with an abundance of grace by visiting our dear Lord in this chapel, said His Grace.

The chapel is a gift of Mrs. M. C. Roberts and Mr. A. McGill, erected in memory of their dear mother, who passed away two weeks ago. The chapel has been erected in honor of St. Catherine and will be known as "the chapel of St. Catherine of the Woods."

It will be a real joy to priests to have an opportunity to celebrate Mass while on vacation and also for the summer visitors to attend daily Mass.

On Sept. 3, the day of the dedication, five Masses were celebrated. His Grace celebrated Mass at 7 o'clock for the repose of the soul of Mrs. McGill.

NEWS FROM UNITED STATES SHIPPING BOARD

Henry Avila, Supervisor of the Sea Training Bureau, United States shipping board, announced this week that one of the largest classes of young Americans ever graduated from the Training Ship Iris was transferred on the training ship's arrival from a ten days cruise at sea, last Thursday.

There were ninety-four boys who graduated from the deck, engine and steward departments, having completed the prescribed course of instruction and they have since been placed on various Shipping Board vessels bound for all parts of the globe.

These ambitious future officers of the American Merchant Marine are shipping out and will enjoy the benefit of the recent high scale of wages adopted on the Pacific Coast, as follows:

| | |
|------------------|--------------------|
| Ordinary Seamen, | per month, \$65.00 |
| Firemen | 90.00 |
| Cooks | 90.00 |
| Messmen | 80.00 |

Board and quarters are furnished free aboard ship.

Supervisor Avila also stated that the training ship Iris would sail for San Pedro at once where one hundred new recruits are awaiting the training ship's arrival to join the Service.

Mr. and Mrs. Arbogast have sold their home on Broadway and expect to return to San Francisco and make their home. The buyer is said to be Mrs. Vaughn and she will rent it possibly to Mr. and Mrs. Chas. Groskopf, the newlyweds.

STRING BEANS PAR EXCELLENCE SAY AUTHORITIES

The Sebastiani string bean pack put up for the first time this year at the Sonoma cannery have been pronounced par excellence by the State Food bureau. The beans are grown at the farm adjoining the cannery, are picked and packed at once so they are fresh and of a fine flavor. Messrs Sebastiani and Mrs. Quartaroli his superintendent are much pleased at the success of their beans.

The Eastern Star met Thursday night and after the business meeting a social hour full of novel "stunts" has been arranged by Mrs. Burmester.

Mrs. Phil Leiser spent several days this week in the city and suburbs.

Mr. and Mrs. Chas. Potter, Mr. and Mrs. Geo. Cassidy and Mrs. Al Stein left this week on a motor tour to Southern California.

L. Quartaroli was in San Francisco this week consulting with his broker over the wine situation.

Mrs. L. S. Simmons and daughter, Gladys motored to Napa this week in the interest of the Harvest Carnival.

Dave Eraldi visited San Francisco Sunday.

In the matter of the divorce proceedings of T. Bonvecchio vs. V. Bonvecchio, Judge Seawell grants the wife \$33 per month and \$20 costs of suit. The couple reside at Glen Ellen and have a large family.

Mrs. A. W. Adler was a visitor to Santa Rosa on Tuesday.

Mr. and Mrs. W. L. Murphy were called to Alameda Monday to attend the funeral of their cousin, Harry Wilbur Turner, an old resident of the Encinal city.

Progressive Idea That Could Follow Up Permanent Street Work

TRAVELING AROUND various parts of the state enthralls home town people with ideas which could well be adapted to their own locality. For instance, Sonoma folks came back recently with the suggestion that we have a camping ground here for traveling motorists. The idea is a good one and has proven its worth wherever tried but not to get "the cart before the horse," Sonoma Valley must first prepare the way by getting its good roads and highway connections. The County and State are both to do the work outlined in recent bond issues and bring the permanent type highway to the very doors of our city. It is now up to those within the city limits to fix the streets here and swing wide open the doors to travelers and then to offer them camping accommodations, up-to-date buying facilities and everything to induce people to come into town for recreation and business. Marysville has had wonderful success with its motor camping facilities and the money left in the community by the travelers is increasing every season as the town's hospitality and desire to cater to the traveling public is spread from one to another.

There is no question but the street improvements put in by progressive communities are followed up by much enterprise and give a new impetus both to business and to civic pride which is akin to a renaissance. Naturally new blood is infused through new channels and the town life quickens for progress is contagious when once started. It has looked for a long time as though Sonoma had been inoculated with an anti-progress serum but if such was the case we have certainly outlived it or thrown off its effect as the insistent call for better streets now proves. In reference to the camping facilities provided by the city of Marysville for the stream of motorists coming its way over modern roads, a recent issue of Pacific Municipalities says:

"Municipal authorities in California of late are commencing to realize the value of the Motor Tourist as an advertiser and his particular value lies in the fact that he visualizes your city; his friends and their friends get the news by word of mouth rather than by the writings of an ever enthusiastic 'booster'."

In the spring of 1918, while the nation and the world were in the throes of a gigantic struggle for democracy, some of our thoughtful citizens commenced to reckon with the future, the days of reconstruction were rapidly drawing nearer and Marysville must be ready. The motor tourist was already making his presence felt; the Marysville Chamber of Commerce germinated the Motor Park idea and with the Womens' Civic Improvement Club at work, it soon was under way.

The City Council of Marysville and the Yuba County Board of Supervisors each donated a plot of ground adjoining each other. On Sunday, June 16, 1919, forty union workmen of all trades invaded the grounds and the park came into being. The trees and shrubbery have been planted and are making splendid headway. The Service House is equipped with shower baths and lavatory facilities for men and women. Tables have been provided where the traveler may write his or her letters. The building is electric lighted; a large wall directory of local merchants has been installed and a telephone provided. Each shelter house is fitted with folding tables and benches and a gas plate for cooking purposes. A water hydrant and waste hopper are conveniently located at every third shelter house. At present there are twelve of these shelter houses.

A gardener with police authority is constantly at hand, as a result of which the park is always neat and orderly. In the Service House a register is kept where all travelers register, giving name, home address, destination and a column for remarks with this heading: "What do you think of our Motor Park?" "Will you suggest an improvement?" The register is a fund of information in itself. The record shows that the park is filled to its present capacity four out of seven days of each week. Local parties are prohibited from using the park and four days camping is the limit of the traveler's stay and many leave regretfully, as the time just "flew" as some have expressed it.

Putting The Crusher On Nature

THE WINERIES which are crushing grapes are warned by the collector of internal revenue not allow their juice to ferment, as in the old days before the sanctimony of prohibition descended to thwart Mother Nature's process. "They may proceed," says the collector, "to crush the grapes for beverage purpose if such beverage is not allowed to ferment and form an intoxicating liquor." The law prohibits the manufacture and sale of intoxicating liquor, Wardell says, but the grape growers may have methods whereby they can prevent or suspend fermentation, and they are entitled to use these if they choose. But the grapes cannot be used in the manufacture of wine as is ordinarily known.

Since our wineries are crushing vigorously, we would suggest that they put the juice on the local market at once, before it starts to ferment, so that we may all have the opportunity to try the crushed product in jellies, grape syrup and Hittchorn cocktails. Also that we may all exercise our ingenuity at the fermentive period and denature the vintage of 1919. All this sets one to thinking that laws of men (not capital m, for we cannot think of men who put this arbitrary prohibition-legislation over on the people, as anything but very diminutive) cannot forestall the laws of nature, which create, for instance, the fermentive process and alcohol as a part of the eternal plan. Crude and deadly, in its primitive state, alcohol is within itself a barrier to excessive indulgence. Science and art, civilization and education have refined the process until wine making must have indeed brought Old Mother Nature to reverent contemplation of man's triumph. Now they dash the cup of achievement from the lips of men at thoughts of reverting to harsh, primeval methods, such as decomposed potato peelings and peach pits rotting succulently in the moonshine.

There is still a wholesome situation in the possibility of getting the juice of the grape before it becomes more of a problem at the wineries, so take your container, brother, get your grapes and juice, but put a guard around it, lest nature takes its course.

SAID A BOOSTER at the "boost for Healdsburg" meeting last week—"Start community sales in the stores, like end of the month, dollar day, or other bargain events, and have each merchant enter into the spirit of the occasion with real bargains." Sonoma business men could do nothing better than to inaugurate something like this in Sonoma. With people going out of town to trade with the increasing popularity of automobiles, it has become necessary for local merchants to offer attractive inducements at home and to advertise them in the local newspapers. More enterprise along these lines will make a bigger and better Sonoma. Our readers would be glad to see these bargain day events advertised and would read the paper with that much more interest if they had sales of interest to look

forward to here at home where tires and gasoline could be saved and energy utilized in shopping out-of-town conserved for other activities. Sonoma, as a town, is kept up by the surrounding country and our farmers and fruit growers have more money than ever before to do their buying. They will come into town and spend their money if Sonoma merchants properly advertise and plan sales campaigns which will be attractively presented through the town papers. Let Sonoma take the tip from Healdsburg and follow in the wake of wide awake Petaluma and Sebastopol, the Mission district in San Francisco and Fillmore St., all of whom have tested out this brand of publicity to stimulate business.

GOOD FRIENDS who used to say, have a little "beva" will now have to say have a little medicine and no one will refuse, even if it is handed out on a tablespoon and someone makes a bluff of holding your nose.

BOYES SPRINGS PROPERTY OWNER IS A CANDIDATE

Andrew C. Cuneo of San Francisco who owns a home at Boyes Springs and is a frequent visitor to the Sonoma valley, evidently believes that all politicians of note hail from the Boyes colony where there is a lot of good supervisory timber, so he has become a candidate for supervisor in San Francisco.

We are glad to hear that Andrew's hat is in the ring, for he is a 100 per cent good citizen. Here is what the Bulletin says of his candidacy: "Andrew C. Cuneo, for twenty-six years an employee of the United States mint, today tossed his hat into the political ring for supervisor. Cuneo is from the North Beach section, where he has resided nearly all of his life, and has a host of friends. He is waging his campaign on a platform of lower taxes.

"I'm against a tax rate of \$3.08 on the \$100, with the prospect of a \$4 rate next year," he said.

This is the first time Cuneo has actively entered politics. He is known as "the boy orator of the mint."

He is a Wilson Democrat, an advocate of the League of Nations, and wants to see it become a reality at the nearest possible moment."

JOHANNSENS SELL AND WILL MOVE TO VALLEJO

Mr. and Mrs. Ed Johannsen have sold their attractive home property on Broadway to Mr. and Mrs. Deacon of Schellville and will move to Vallejo. The attractive daughters, Misses Edda and Gertrude and their son, Clyde, will all reside in the Navy town. The family will be greatly missed in Sonoma where they have resided for many years. Mr. Johannsen and his son are engaged in well drilling and have many contracts in Solano county. They also have a contract here with Mosso & Bianchini and will return later in the season to complete this work. Mr. Johannsen also owns a fine ranch in Sonoma valley, so he will not completely sever his connections with the community.

The purchasers of the Johannsen property will take up their residence there shortly, Mr. Deacon being the railroad agent at Schellville junction.

SPERRY OUTING AT BOYES SPRINGS

500 Employees From Vallejo Plant Invade Popular Resort Sunday.

The employees of the Sperry Flour Company at Vallejo, 500 strong came to Boyes Springs last Sunday for an outing. A special train conveyed the crowd to the big resort and a fine time was enjoyed. Swimming and dancing were the chief amusements, Wilson's augmented orchestra furnished the music for the dance at the theatre during the afternoon.

The only incident that marred the day was the failure of the "eats" to appear at the proper hour. It seems that a fine picnic lunch was put aboard a motor truck at Vallejo and in some way it took the wrong road and instead of finding itself at Boyes Springs, was marooned at Pt. Reyes while frantic telephone calls sought to locate it. By 3 p. m. the driver finally connected his cargo up with the waiting appetites in the valley of the moon and the Sperry family was happy once more.

During the afternoon more than 100 service badges were distributed to the employees both men and women who had worked at the flour mill over 5 years. One man, Hugh O'Neil, received a badge in honor of 50 years service with the company.

**Bonds Voted For This Important
Piece of Highway To Be Converted
Into Money For Work.**

The following important piece of news relative to the commencement of work on the Schellville-Santa Rosa highway by the state has been received by Frank M. Burris, one of the committee of the United Counties Highway Association:

Santa Rosa, Cal. Oct. 1, 1919.
Mr. Frank M. Burris, Sonoma, Cal.
Dear Mr. Burris:

In response to my request Mr. W. Lewis Clark, Division Engineer for the State Highway Department, came to Santa Rosa bringing with him his first assistant and a surveyor.

I accompanied them to Calistoga and we went over three possible entrances into Lake County, preparatory to making surveys for the Calistoga-Lower Lake-Rumsey unit of State Highway.

I discussed the Santa Rosa-Sonoma unit and he promised me to have a surveying party on that unit within ten days.

He advised me of the fact that the sale of bonds would be necessary before any actual work could be prosecuted further than the surveys. It seems to me that a campaign, directing public attention to the fact that bonds must be converted into money before roads can be built, should be started. And that our financiers should purchase these bonds to the end that the roads be constructed and thus promote state development.

Should not our United Counties Highway Association handle this matter?

I assured Mr. Clark that our Association was to aid him and the commission in every way to facilitate their efforts in highway building.

He showed genuine interest in our efforts and stated he would seek our co-operation.

Yours for roads that spell progress
J. L. PETERS
Secretary, United Counties Highway Association.

MRS. IRENE KINSELLA WEDS AGAIN

The news of the marriage of Mrs. Irene Kinsella who formerly lived in Sonoma has been received by local friends. The popular young matron became the bride of A. V. Hassett in Oakland.

Mrs. Kinsella formerly the wife of Jack Kinsella who was in the plumbing business here was divorced about two years ago. She is a musician of talent and during her residence here took an active part in social affairs.

PROMOTION AND HONOR FOR RETURNED SOLDIER

Arthur Fisk, who served heroically in France, where he was with the Transportation service of the army, is now on a regular passenger run of the S. P. between Pacific Grove and San Francisco. Fisk is engineer of the train. With his wife and baby he recently removed from Watsonville to Pacific Grove to reside.

Since leaving Sonoma and resuming his position with the railroad company, Arthur Fisk has received his citation for bravery in operating trains at the front "overseas" in the face of great danger and in addition he now has his distinguished service medal and personal letters from General Pershing and General Atterbury of the Transportation department of the Army.

SONOMA'S PROSPERITY IS EVIDENCED BY BANK REPORT

The prosperity and growth of the Sonoma Valley is evidenced by the last report of the Sonoma Valley Bank, which shows the solid financial institution over the million dollar mark in volume of business. It is an index to the thrift and success of residents of this section of Sonoma county and in plain figures is unquestionably the best kind of advertising we can send broadcast to attract new settlers.

The Sonoma Valley Bank is proud of its flourishing condition, but thrives on the fact that it is a part of Sonoma's prosperity and progress.

IT PAYS TO ADVERTISE IN THE INDEX-TRIBUNE

Last Saturday morning a used stove was advertised in the columns of the Index-Tribune by F. Cleve who had taken it in exchange for one of his fine new ranges. Almost before he had it in reading to show customers, and just a few hours after this newspaper reached our subscribers, there were many inquiries, and a sale was made by the progressive merchant. It pays to read the ads in the Index-Tribune and it sure pays our business people to advertise.

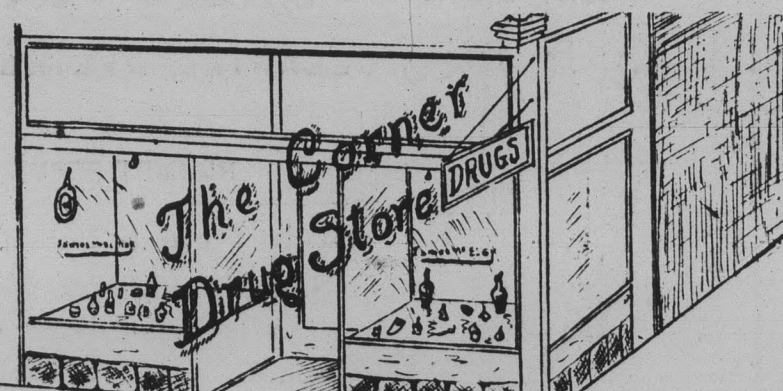

Mr. and Mrs. A. B. Champlin came up Tuesday from San Francisco where they have been residing, and visited their son, Charles and family.

PICKS HUNDRED BOXES OF TOMATOES DAILY THROUGHOUT SEASON

Fred Conovari has established a reputation as a tomato picker on the ranch of Ross brothers, which it is believed entitles him to be called the champion tomato picker of Sonoma county, or even in the State of California.

Mr. Conovari has averaged one hundred boxes of tomatoes for each day's work of ten hours during the season, which nets him \$10 a day at the task in which he is engaged. This is believed to be the best average that has ever been made in a tomato field.

ENGAGEMENT RUMOR

An engagement of much interest in Sonoma county is rumored in San Francisco. A wealthy young widow of Sonoma is said to have been won by a prominent Petaluma and the engagement will be announced as soon as the year approved by society for widows' nuptials is up.

The romance is said to date back many years and to have been revived during the settlement of the late husband's estate at Santa Rosa. There has been considerable interest and speculation here over the affair and it remained for the happy confirmation of persistent reports to come from San Francisco where it is said the news was given out by the lady herself.

SAN FRANCISCO CHRONICLE GIVES PUBLICITY TO SONOMA FESTIVAL

Through its Sonoma correspondent Mrs. Celeste G. Murphy, the Chronicle of San Francisco has been supplied with some excellent publicity matter in connection with the Sonoma Valley Harvest Carnival. The clubwomen and committees appreciate the generous space and good position given to the articles and photos sent down by Mrs. Murphy.

TWELVE YEAR OLD BOY LENDS 100 DOLLARS

Earns Money After School and Invests It With Uncle Sam

San Francisco—While we are "gobbling" pro and con these days about America's contribution to the war and victory, like a fresh spring breeze comes a letter from a twelve-year-old Sacramento boy exemplifying the war's contribution to America. It was addressed to the Director of the War Loan Organization of the Twelfth Federal Reserve District, and reads: "Dear Sir: I have bought \$5 worth of War Savings Stamps and am trying to get \$100 worth before the year is out. "I am twelve years old and have earned every dollar of it working for my neighbors, cutting lawns, irrigating, and running errands. The savings director here said for me to write to you and you would send me a hand grenade bank if I have earned two dollars. I have earned six already and expect to get at least two more before school starts. Hoping I am deserving of one, I remain,

"Very truly yours,
"WILLIAM BADER,
"2919 F Street,
"Sacramento, Calif."

C. A. Farnsworth, associate director of the War Loan Organization for the Twelfth Federal Reserve District, replied:

"My Dear William:—When I read your letter telling me how hard you worked to earn that \$65 you have invested in War Savings Stamps and that you expect to increase it to \$100 before the end of the year, it made me think of a picture that Ralph Yardley, an artist, drew one day during the Victory Liberty Loan. It was a picture of Uncle Sam shaking hands with a workman who had just bought a Liberty Bond and Uncle Sam was saying, as he looked the workman squarely in the eye, 'You are my kind of an American.' Your letter made me think of that picture because you are my kind of an American. After this when I think of that picture I will see you instead of the workman shaking hands with Uncle Sam."

"Yours for America,
"C. A. FARNSWORTH."

HIGH COST OF LIVING

The federal government has launched a relentless war against profiteering. Various states are following this example and countless cities are also taking steps to see that the high cost of living is reduced.

All these efforts, however, are doomed to failure unless the people themselves take a hand in the matter. Unless the men and women who do the buying insist on getting full value for their money and patronize only those merchants who are satisfied with legitimate profits, it will be impossible to reduce prices to where they should be. Careful buying will leave almost every family a margin of savings out of the family earnings. Dollars saved today are "cheap dollars," because their buying power is less than in years gone by and less than it will be in the not far distant future. The government offers the opportunity of putting these cheap dollars to work, earning interest while they are returning to their normal value.

This opportunity is the Registered Treasury Savings Certificate, the War Savings Stamp and the Thrift Stamp. Investments in these are guaranteed by the government. Money invested in these securities with the accrued interest will be returned by the Government on ten days' notice. If Registered Treasury Savings Certificates or War Savings Stamps are held until maturity, so much the better. But whether held that long or not, they form an excellent way of fighting the high cost of living. Work and save.

It takes a national debt that averages \$231.10. If conditions that have become so radically changed by this so greatly increased debt are to become any wise normal, they can come in just one way—the absorption of this bonded debt by the savings of the people.

The answer given the Senate Committee by the governor, W. P. G. Harding, of the Federal Reserve Board, to their query as to what legislation was needed at this time and to relieve the financial situation, was: "The Federal Reserve Board believes that any currency legislation at this time is unnecessary and undesirable and would suggest that whether viewed from an economic or financial standpoint, the remedy for the present situation is the same, namely: 'Work and save.'"

The people have got to spend less and save more. The people can save. Uninvested money is dissipated too easily and is wasted too often. If the money is in the pocket, that new luxury really not needed is usually gotten, for it is easy to convince one's self that it is good business to buy the thing one wants. Invested money earns interest, it is not so easily spent, and it encourages the saving of more.

LEPER COLONY LENDS FREELY

Honolulu — The "Leper" Island Leper Colony, Hawaiian Islands, bought War Savings Stamps to the amount of \$62 per capita. There were thirty-two purchasers among the lepers. This amount is three times as much as the per capita quota for the United States, which is \$20. The total sales of War Savings and Thrift Stamps for Hawaii amounted to \$2,020,000—beating quota by \$29,000.

NO LIFTING OF DRY BAN YET

Washington, Sept. 30—Although the War Department declared in a statement today that "the exigency of war and the progress of demobilization are at an end," the wartime prohibition cannot be lifted until after the ratification of the peace treaty, in the opinion of Attorney General Palmer.

The prohibition law provides that it shall remain in force until after the termination of the war and the demobilization of the army. Palmer has held that the state of war does not end until the peace treaty has been ratified. President Wilson took a similar position in asking Congress early in the year to repeal the wartime prohibition law insofar as it affected light wines and beer.

The War Department's statement as to the end of demobilization was made in connection with an announcement that officers of the regular army were about to be returned to their normal peace time rank and that the 10,000 emergency officers still in the service must be discharged in order to reduce the commissioned personnel to the 18,000 authorized by a recent act of Congress.

ANALY GRAPE GROWERS ORGANIZE

With the avowed intention of crushing their grapes in order to save them from complete loss, Sebastopol grape growers Friday night held a rousing meeting in that city and formed a special association to work in conjunction with the Sonoma County Wine Association.

The new body, many members of which attended the meeting here this week at which resolutions were passed to crush the grapes despite court rulings holding such procedure to be against the war-time prohibition law, will lease the big winery of the Italian Swiss Colony at Sebastopol and a committee went to San Francisco Saturday to make the necessary arrangements with officers of the California Wine Association.

The same resolution that was passed last Wednesday was passed by the Sebastopol association Friday night. Frank Kelly was elected president of the new organization and others officers were chosen.

W. E. Price of Santa Rosa, secretary of the Sonoma county association, went to the Analy city to assist in the organization of the new body. Mr. Price said Saturday that as soon as arrangements for the lease of the winery can be completed the growers will begin crushing their grapes.

COURT RULES MARRIAGE ON HIGH SEAS IS NOT LEGAL IN CALIFORNIA

Contrary to a prevailing belief that a marriage on the high seas is valid, Judge Seawell has proclaimed that it is not, under certain circumstances, and furthermore that Ethel Tensa was never legally married to Joseph Tensa.

The decision was given out by the court Friday when the case of Mrs. Tensa against Tensa was dismissed. Mrs. Tensa is a white woman and the man from whom she was seeking a divorce is a Chinese. The couple had tried to get married in Nevada and were told that if they went to sea, the marriage could be performed. They returned to San Francisco and a launch was chartered and when outside the Golden Gate, the ceremony was performed by the captain of the vessel.

Judge Seawell held that this was an attempt to evade the law and that no marriage was consummated that could be recognized by the State.

The couple resided at El Verano for some time.

A chivari was given Mr. and Mrs. Chas. Groskopf at the Groskopf home in Vineburg this week. A royal time was enjoyed by the serenaders.

Mr. and Mrs. Tony Cereghino leave today for a motor trip south. Mr. Cereghino the popular employee of the Maffei market has a vacation of 10 days and will visit in Lemoore with old friends.

Mrs. Allan Bryant of Santa Rosa one of the pioneers of Sonoma county and well known here fell at her home a few days ago and fractured her hip.

An airship passed over Sonoma Valley Wednesday and upon reaching Boyes Springs did many spectacular stunts.

Mrs. R. H. Ring underwent a serious operation the first of the week at Fabiola hospital, Oakland, and is now doing nicely. She expressed disappointment at not being able to be present at the Harvest Carnival.

Corporal Tom Walsh who was in the war from start to finish has returned from overseas and is at the Presidio.

Miss Lolita Bates, accompanied by her mother, left for San Jose Monday where she entered the University of the Pacific.

Frederick Hess a cousin of Mrs. E. C. Campbell was married in San Francisco last Monday.

Hayne Thomson and family arrived here from the state of Missouri this week and are visiting at the Dr. A. M. Thomson home. The new comers are to locate permanently in California.

TO THE PUBLIC

A Relief Committee to solicit aid for starving children in Germany and Austria have been appointed to canvass the valley for clothing, food-stuffs or money to buy the same. All contributions for this purpose thankfully received.

The General Committee will send all stuffs in a vessel chartered by them to sail to Germany direct. Permission to solicit was given by the Government. The following was sent to the General Relief Committee of San Francisco:

"You are fully authorized to collect food-stuffs and clothing and forward same immediately to Germany."

Sonora
Panama-Pacific International Exposition—1915.
Sonora Phonograph Corporation, 57 Reade St. New York City.
Gentlemen:—
Replying to your inquiry, I beg to inform you that the only jury which heard and tested all of the phonographs exhibited at the Panama-Pacific International Exposition recommended that the Sonora Phonograph be given a marking for tone quality higher than that given to any other phonograph or talking machine. At this time I desire to advise you, as I have advised other exhibitors, that no award for tone quality was made to any exhibitor of any instrument at this Exposition.
Very truly yours,
